Discussion of Park Board responsibilities and duties

The Board discussed the Park Board responsibilities. The Park Board is an advisory Board. Supervisor Morris explained to the Boards that when the position of Public Works Superintendent was created, he was supposed to run the DPW department and the Parks system on a daily basis. Hill stated that they don't know what is happening in the Parks and what the money is being spent on. Hill would like to be more involved in the parks. The Town Board would like the Park Board to focus on the needs of the Parks for the future. Discussion.

Discussion of additional baseball field rentals in 2020

There was a lot of discussion about baseball and the challenges of setting up the fields, employees and the weather. Recreation Director Michaelis suggested that they start baseball April 15th rather than April 1, giving the Park employees more time to get the Parks open and the ball fields ready. Everyone agreed that would be a good idea. Will Gibson will also be working on a new employee work schedule for next year.

Adjourn

Morris made a motion to adjourn, seconded by Ross. The motion passed unanimously. The meeting was adjourned at 7:45 p.m.

Respectfully submitted,

Meri Majeskie WCMC
